

Facilities Division | Facilities Enterprise Analytics | **MTF (DMIS) Count Definition**  
**(Methodology Documentation)**

**Subject:** Facilities Enterprise Analytics | MTF Count (Methodology Documentation)

**Document Link:** <https://facilities.health.mil/Repository/getFile/17726>

---

**Reference:**

- DMIS Routing File. Provided by the DHA Decision Support MHS DMIS Workgroup. This source of truth (SOT) file can be found at: <https://facilities.health.mil/Repository/Download/11655>

**Details:**

- 1) The “Facility Type Code” field is used to determine MTF Type.
- 2) The “Facility Service Code” is used as to identify the Service Medical Activity (SMA) association.
  - a) Army (A), Navy (N), Air Force (F) and DHA-NCR (P)
- 3) Hospitals are identified by applying the following filter to the data set:
  - a) MTF’s with a “Facility Type Code = HOSP” are selected.
  - b) MTF’s which are not “Authorized Tricare Enrollment Sites” are eliminated. (“Authorized TRICARE Enrollment Site (Y/N) = Y”)
- 4) Medical Clinics are identified by applying the following filter to the data set:
  - a) “Facility Type Code = CB-CLN or CLINIC or LN-CLN or LS-CLN or NICOE or OH-CLN or VADOD”
  - b) MTF’s which are not “DHP Code” are eliminated. (“DHP Code = Y”)
- 5) Dental Clinics are identified by applying the following filter to the data set:
  - a) “Facility Type Code = Dental”
  - b) MTF’s which are not “DHP Code” are eliminated. (“DHP Code = Y”)
- 6) Veterinary Clinics are identified by applying the following filter to the data set:
  - a) “Facility Type Code = VETCLN”
  - b) MTF’s which are not “DHP Code” are eliminated. (“DHP Code = Y”)

**Error Handling:**

- 1) If there is no service entered in the “Facility Service Code” the DMIS is eliminated from the count. (“Facility Service Code ≠ Blank”)

**How to find the Analytics Report:**

- 1) Go to [www.facilities.health.mil](http://www.facilities.health.mil)
- 2) Select the “Analytics” icon.

## Facilities Division | Facilities Enterprise Analytics | **MTF (DMIS) Count Definition** **(Methodology Documentation)**

- 3) Select the “MTF Count” icon.

- 4) In order to access the reports you must have access to the DHA-FD analytics. If you need access, click on the “Request Access” button at the top of the Analytics page.
